

John 10:10
*Jesus promised, "I came
that you may have life and
have it to the full."*

Dojo Points:

1st – Lickey 140
2nd – Malvern 126
3rd – Bredon 123

Thank you for understanding the
decision to close School early today.

The roads around Fladbury are
becoming increasingly impassable and
getting home safely for everyone is a
priority.

Let's hope the flood waters subside
and we can enjoy our weekend.

Mon 4 th	Oak Class 9 th Swim
Wed 6 th	Maple Class to the Everyman Theatre to see The Ugly Ducking

A message from Mrs Mather, one of our school Governors that needs to be shared with everyone.

"For 3 nights last week I was chaperoning the children at the Fladbury Village Pantomime.

Some of the children attend Fladbury School. I just thought I would let you know that they were absolutely delightful the entire time. They listened to instructions beautifully, performed magnificently, showed kindness and consideration to each other and were altogether fabulous.

They absolutely were a credit to Fladbury School and demonstrated the school values throughout.

*They were:
Lola, Alice, Gabriel, Lucy P and Skye*

(Mrs. Cole was also very good!)"

I really enjoy receiving emails like this, well done guys you have made me a super proud head teacher.

Children's Appetites Survey - (Primary Aged Children)

As part of the wider healthier weight agenda, Public Health (PH) are supporting this survey studying the appetites of Primary School age children.

To support this work Public Health are inviting you to take part in a short online survey (10-15 minute)

The findings will help health professionals to identify and support children with unusually high or low appetites and to create new guidance on healthy patterns of eating and weight gain.

For more information and to take part, please see:

https://www.mrc-epid.cam.ac.uk/research/studies/appetypes/?utm_medium=email&utm_source=govdelivery

Mental Health Waiting Times - National Consultation

For the first time, the NHS, nationally, is launching a month-long online conversation on children and young people's mental health, with a focus on gathering learning and ideas on how we can improve waiting times and make services more accessible. Join the conversation about reducing waiting times for children and young people's mental health services.

Using the Solving Together platform partners involved in the children and young people's mental health pathway, professionals, children and young people and their families can have a say about this critical issue – with a focus on collecting ideas and best practice for ways to make our NHS services better in the future.

Use this link to share your ideas: <https://solvingtogether.crowdcity.com/>

The work will then continue with teams across the country to prototype and test the most promising ideas.

The conversations are now live until 3rd November and the NHS wants to hear from you.
